Upside Down

Jesus changes everything!

Have fun learning and playing with your child! First, watch the video together to hear God's truth in a way your preschooler can understand and enjoy. Then, follow up with the fun activities below!

REVERB

MEMORY VERSE

"Don't do anything only to get ahead. Don't do it because you are proud. Instead, be humble. Value others more than yourself." Philippians 2:3

LIFE APPLICATION

Humility is putting others first by giving up what you think you deserve.

BIBLE STORY

On the Road to Emmaus
Luke 24:13-35

KEY QUESTION

What have you discovered about God that surprised you?

ACTIVITY :: UPSIDE DOWN

WHAT YOU NEED > nothing at all!

WHAT YOU DO > Ask your kid to list a few categories of things they think they know a lot about. This could be Disney movies or characters, sports/famous athletes, math or science facts, types of insects—pretty much anything goes! Then pick a category and let someone go first naming something or someone in that category. The next person has to name something in that same category. Keep going without repeating anything, taking turns naming things in the category until someone can't quickly name something that hasn't already been said. Choose a new category and keep playing! If someone names something or someone that no one else knows much about, let that person show what they know! (This is a great time for your kid to show off what they know and get an extra boost of confidence!) You can end the game either by making the category "Facts about today's Bible story," or just read Luke 24:13-35 from the Bible to review the story.

WHAT YOU ASK > What was the most important thing that the men on the road to Emmaus discovered? (Who Jesus is and that He is alive)
> What's something that you discovered in this story? > Part of humility is about being willing and open to learning new things. What is one new thing you've learned recently? (Note: If it works/is appropriate for your family, engage your child in a discussion about what they can learn about themselves and your family through the COVID-19 pandemic.)
> There's always more to discover about God's plan. How do we learn more about God and His plans for us? (By reading the Bible, asking questions, praying, talking about God with someone else who follows Him)

PRAYER

Use this prayer as a guide, either after your discussion or right before bed tonight :: "Dear God, thank You that we'll never stop learning more about You and Your plans for us. Life can get kind of scary sometimes. But we know that You are bigger than life's biggest struggles, and Your plans for us are good. Help us to always be ready to learn new things about You and about this life You've given us. In Jesus' name we pray, amen."
