Use this guide to help your family stay connected to everything foundry. First, make sure that you watch the fervent church online experience to hear God's truth in a way your teenager can understand & enjoy. Then, follow up with the activities below to take learning to the next level!

ACTIVITY :: CELEBRATE YO MAMA!

WHAT YOU NEED > blank construction paper or cardstock

WHAT YOU DO > When we were younger, we would create handmade arts & crafts for our family. Since we are quarantined, let's do it all over again!! Have your child interview you, so they can get an idea of what you appreciate most about your mom. It would be good to focus on specific stories, so they can get a better idea of their heritage.

WHAT YOU SAY > Now, ask your teenager what they appreciate most about their mom! What are some of the stories that you will pass down to your future family? Take time as a family to create homemade mother's day cards that are inspired from the stories that are told! Don't forget to mail the cards if needed!!
